

Driven by Innovation.

As an innovation leader and experienced partner of international companies, TechConnect stands for complex and safety-critical software systems and hardware solutions in the fields of automotive, avionic, industrial, medical and defense technology.

Mobility is one of the most important and fastest growing segments of the future. With HMI systems for instrument clusters and infotainment systems, functional safety and high precision maps, TechConnect contributes to the intelligent and individual car of the future. The TechConnect colleagues make autonomous driving as safe as never before.

Create the future with us – inspire and develop new innovations to move people.

Long term perspective

Join TechConnect for a long term professional perspective with an unlimited contract. The flexible working hours and compensation for extra hours ensure the work life balance for our colleagues.

Innovative projects

With TechConnect you are working always at the latest and most innovative embedded hardware and software development projects! We offer a wide range of exciting industries. Start your career in aerospace, automotive, automation technology, communications and consumer electronics. Take the opportunity to try out various areas under different requirements or be a specialist in your field!

Employee development

TechConnect is your partner in career development. Your individually adaptable career plan includes trainings on and off the job to take you to your individual career goals. Take advantage of your mentor that will support you in the first weeks of your new job. TechConnect especially encourages our colleagues to learn German in language courses.

Company culture

TechConnect is a medium sized, privately owned company with over 200 employees. We have the freedom to act in a self-determined way within a friendly, socially influenced corporate culture, flat hierarchies and short decision paths. Our legendary Christmas Party, visits at the Oktoberfest, regular round tables and in-house trainings, led and moderated by our staffs, enable the mutual exchange among colleagues outside of your working day.

Feel good factors

For a smooth transition, TechConnect offers you a free company flat for the first 4 weeks in case of relocation for the job start. Get in touch with your colleagues after work at our legendary Christmas party, Oktoberfest, get together and inhouse tech talks, presented by our skilled colleagues.
